HsinChu, Taiwan (June 6, 2007) - Sanyo Electric Co. Ltd. ("Sanyo") and MediaTek Inc. ("MediaTek") announced today that they have amicably resolved the outstanding patent disputes between them in the United States. The settlement covers patent claims brought by Sanyo against MediaTek and its customers ASUSTek Computer Inc. and ASUS Computer International in California, and by MediaTek against Sanyo and Sanyo North America Corporation in Texas. Both cases were scheduled to begin trial over the next few months, and each matter will be dismissed with prejudice. MediaTek and Sanyo also agreed to exchange cross-licenses under the patents asserted in each litigation. The remaining terms of the settlement agreement are confidential.

**About MediaTek Inc.**

MediaTek Inc. is one of the world's top ten fabless semiconductor companies for wireless communications and digital media solutions. The company is a market leader which pioneers in the technology of leading-edge SOC system solutions for wireless communications, high-definition digital TV, optical storage, and high-definition DVD products. Founded in 1997 and listed on Taiwan Stock Exchange (TSE: 2454), MediaTek is headquartered in Taiwan and has sales and research subsidiaries in China, India, Korea and Singapore. It has achieved annual revenue of more than US\$1.6 billion and net profit of US\$700 million, with a market cap of over US\$11 billion in 2006.
